

WASPC 2014 FALL TRAINING CONFERENCE

PRESENTED BY COPS FOR HIRE

**WASHINGTON ASSOCIATION OF
SHERIFFS AND POLICE CHIEFS**

**CAMPBELL'S RESORT | CHELAN, WA
NOVEMBER 17-20, 2014**

PRESIDENT'S MESSAGE

Welcome to the Washington Association of Sheriffs and Police Chiefs 2014 Fall Training Conference at Campbell's Resort on Lake Chelan.

It is my hope that you will find the conference to be an invigorating professional experience and a means to make valuable personal connections with fellow law enforcement executives. WASPC is a member-driven organization; the choices you make about involvement will enhance your experience with WASPC and the quality of our Association. WASPC is a respected resource and voice for public safety because of the commitment level of our membership and the dedication and professionalism of our WASPC staff.

With that, I urge you to continue your commitment to community safety by getting, or remaining, involved in a WASPC committee. Additionally, I challenge you to use WASPC as a means in which to mentor and develop your command staff, be encouraging their participation as associate members. WASPC committees are the workforce of the Association and represent a wealth of combined knowledge from Chiefs, Sheriffs, Jail Managers, and other law enforcement professionals. Many WASPC committees meet here at the conference.

Agenda highlights for the 2014 Fall Training Conference include: a packed committee meeting schedule; the annual legislative agenda briefing; a lakeside dinner buffet; informative training sessions; the annual legal update; and numerous opportunities for peer networking.

Please also note that WASPC has developed a conference app. The app can be downloaded for iPhone, Windows and Android operating systems. Simply scan the QR code provided below to access the app.

Again, it is my hope that you will find the 2014 Fall Training Conference to be a valuable experience. WASPC's mission is to lead collaboration among law enforcement executives to enhance public safety. It is my sincere belief that we will work toward our mission at this conference.

Sincerely,

*Chief Eric Olsen, WASPC President
Kirkland Police Department*

DRAFT LEGISLATIVE AGENDA FOR CONSIDERATION

WASHINGTON ASSOCIATION OF SHERIFFS AND POLICE CHIEFS
2015 DRAFT LEGISLATIVE AGENDA
As recommended to the membership by the Legislative Committee & Executive Board

LAW AND JUSTICE DAY

JANUARY 20, 2015 | 9:00 AM | COLUMBIA ROOM

Body-Worn Cameras

Advancements in technology now enable law enforcement agencies to equip their officers with body-worn cameras. Body-worn cameras offer additional information regarding interactions between law enforcement officers and the public. The current state of laws impede, rather than encourage, law enforcement's use of this technology. WASPC will work with the Legislature to craft legislation that removes barriers to law enforcement agencies' use of body-worn cameras.

Improve Sex Offender Registration Laws

While Washington maintains one of the most advanced sex offender registration and monitoring systems in the nation, certain provisions have been identified for improvement and to better comply with federal requirements. WASPC is seeking legislation that would make technical and policy changes to Washington's sex offender registration system.

Authorize the Use of Warrant Officers in Cities with a Population of Less than 400,000

Existing law authorizes cities with a population over 400,000 to employ warrant officers. A warrant officer is limited-commission officer with the authority to serve local court warrants, subpoenas and court orders such as domestic violence and anti-harassment orders. WASPC is seeking legislation that authorizes cities with a population less than 400,000 to employ warrant officers.

Continue Funding for Statewide Public Safety Programs

WASPC administers a number of important public safety programs on behalf of the State of Washington, including Uniform Crime Reporting, Jail Booking and Reporting, Crime Victim Notification, Auto Theft Prevention, and Sex Offender Address Verification. These programs are essential information programs for state and local law enforcement and help those agencies provide community safety services. These programs are also widely used by the general public in their efforts to remain safe.
