

Priority of Mapping

The WASPC Mapping Information System Standards Committee set the following priorities for mapping public facilities at its November 8, 2006 meeting:

- ***The order of mapping building and structures will be the responsibility of WASPC in consultation with local jurisdictions. The decision will include consideration of the following factors:***
 - ***Health and safety***
 - ***Geography***
 - ***Criticality (State and/or Local)***
 - ***Funding***
 - ***Accessibility***
 - ***Other factors determined by the local jurisdiction***
 - ***Other factors determined by WASPC***
- ***WASPC will integrate the list of Critical Infrastructures identified at the state level by the Infrastructure Protection Subcommittee (IPSC) with the priorities of the local jurisdictions, so as not to duplicate efforts or costs.***

These priorities are set in order to comply with the requirement of RCW 36.28A.070 (1) (c).
