

Summary Reporting Agencies

The following section provides individual law enforcement agencies' offense counts for Part I and Part II offenses only submitted via the Summary Reporting System (SRS) method. Part I offenses include Murder and Non-Negligent Manslaughter, Rape*, Robbery, Aggravated Assault, Burglary, Larceny/Theft, Motor Vehicle Theft, and Arson. All other reportable offenses are classified as Part II offenses.

**Please Note: Due to the conversion of our State's agencies from the SRS method to the National Incident-Based Reporting System (NIBRS), agencies submitting via SRS are using the "historical" definition of Rape and have not implemented any FBI SRS offense updates or additions since the 2007 NIBRS conversion began.*

The populations are based on the Washington State Office of Financial Management "Official November 30, 2017, Population Estimates". The population data reflect permanent residents only. It does not include transient and visitor populations or residents of the military bases and state or federal hospitals.

The following agencies submitted via the SRS method only during 2017:

King County Sheriff's Office
Burien Police Department
Carnation Police Department
Covington Police Department
Kenmore Police Department
Maple Valley Police Department
Newcastle Police Department
Sammamish Police Department
SeaTac Police Department
Shoreline Police Department
Woodinville Police Department

Comparison of Two-Years of Summary Data Submissions

1. Contributing agency's name.
2. The county in which contributing agency is located.
3. The estimated population based on the state Office of Financial Management (OFM) November forecast.
4. How many months the Summary data was reported in the current year.
5. The list of reportable Part I Summary offenses plus Simple Assault and Violation of Protection/No Contact Order-Domestic Violence offenses.
6. The total number of each offense reported in the previous year.
7. The total number of each offense reported in the current year.
8. Percentage of change between the current and previous years' offenses.
9. Crime Rate per 1,000 in population for each offense category.
10. Total offenses cleared for each offense category.
Note: A clearance can be by "arrest" or "exceptional means" and could possibly be for an offense in a prior year. The number does not reflect the number of persons arrested in an offense. A clearance does not include a case for which a law enforcement agency could not proceed with an investigation due to an uncooperative or unavailable witness or victim.
11. Total offenses classified with Domestic Violence involvement for the current year.
