SEPTEMBER 20-24
9 AM TO 4:30 PM
100 W PUBLIC WORKS DR.
SHELTON, WA

Peer Supporters can work with other first responders who have experienced challenges with the stressors, or who have identified as having Post Traumatic Stress Disorder or other challenges related to being in service. They draw upon their personal experiences to help peers find hope and support. Your own life experience uniquely equips you to provide support, encouragement, and resources to individuals who have experienced traumatic events while serving our communities
