

# WESTERN REGIONAL COUNTERDRUG TRAINING CENTER

## Tactical Medicine for LE / First Responders

**OPEN TO ALL FIRST RESPONDERS WITH AN ACCREDITED AGENCY**

This course is designed to teach law enforcement officers and other first responders how to treat and manage trauma patients in a civilian tactical environment. Utilizing a mix of classroom presentation and hands-on skills practice, attendees will learn how to provide life-sustaining treatments in threatening environments. All course material is based off best practices from the Committee on Tactical Combat Casualty Care (CoTCCC) and Committee on Tactical Emergency Casualty Care (CoTECC).

**\*\*\* Cost: FREE \*\*\***

**Course Length: 2 Days / 16 Hours**

**Prerequisite: NONE**

WRCTC Medical Cadre have over 50 years of Special Operations Forces (SOF) medical experience with multiple operational and combat deployments. The WRCTC provides all medical training supplies, high fidelity medical simulations, and high quality A/V training support. All scenarios are tailored to the appropriate operational environment of course attendees to enable maximum training value for all students. TECC principles are utilized during instruction to ensure common vernacular between first response agencies.
